**Little Guy Network**, the newest internet craze to the home based business arena has made a commitment to give back to the community. **LGN** has committed to help out at least one family a month that is need. This business is not just about earning money, it is about giving back as well. It is nice to finally see an internet marketing company that truly cares about its members as well as the community. This is a first class business from top to bottom. **LGN** is on the way to becoming the biggest internet marketing company on the internet today. **LGN** Has A Compensation Plan That is Out of This World!

Can you believe it? Finally an internet marketing company that cares about its member's success! **LGN** has a compensation plan that will knock your socks off. The joining fee is only \$200! The program operates on a 1up system which means members pass up their first sale to their sponsor but after that each time you sign up a new member you make a \$150 commission. That is really good benefit, but take a look at their residual income feature. The company has created a way so that every sponsor will want to help their team make as many sales as possible. WHY? Because they will receive \$25 each time someone on their personal team brings in a new person. Just think if you had a team of a 1000 people and they each just made 1 sale a month! How does a \$25,000 a month in residual income sound? This is a program that is affordable for the little guy, but offers the potential to earn big guy cash!!!

Dreams are made, incomes are reality!!!
