

iMusicScene.com taking the Indie Music Scene by Storm

Released on: January 27, 2008, 12:35 pm

Press Release Author: **Todd Johnson**

Industry: [Entertainment](#)

Press Release Summary: iMusicScene.com launching new Internet Music web site to promote Musicians.

Press Release Body: Dallas, TX - January 27, 2008

iMusicScene.com announced today that beta testing has been completed and the web site is now open for all musicians and music lovers alike.

Built by musicians for musicians, **iMusicScene.com** is helping the artist gain more promotion and a wider listening audience. With the ability for artists to upload not only their music and videos, they can also create blogs, create a fan base, add a band forum and sell merchandise and cd's from their site just to name a few of the features.

Where **iMusicScene.com** really shines is with song reviews. Members have the ability to review each other's music and offer constructive feedback and advice. With audio engineers that are always willing to lend a hand with mixing and mastering questions or even help mix a song or two, this site sets itself apart from the rest.

iMusicScene.com, hear tomorrows stars today.
