

Reliable Telecom Supply, Inc Receives TL9000 Certification

Released on: February 15, 2008, 4:29 pm

Press Release Author: John Kachurick

Industry: [Telecommunications](#)

Press Release Summary: Reliable Telecom Supply, a telecommunications equipment provider and services company, recently received TL 9000 Certification from Quality Systems Registrars, Inc (QSR).

Press Release Body: **Reliable Telecom Supply**, a telecommunications equipment provider and services company, recently received **TL 9000 Certification from Quality Systems Registrars, Inc (QSR)**. This standard represents quality management system requirements for the design, development, production, delivery, installation, and maintenance of products and services within the telecom industry.

The certification process at **Reliable Telecom Supply** was a top priority coming into 2008. *"The fact that we received this certification allows us to continue to maintain the high level of satisfaction that our customers expect",* states **Rob Wesley, president and owner of Reliable Telecom Supply**. *"In this highly competitive market, being able to increase our supply chain abilities and continue to tighten our processes will continue to improve our overall quality for years to come."*

The **TL9000 standard** was developed in 1999 by the **QuEST Forum** in an effort to promote a culture for continuous improvement in the telecommunications industry. Some members whose products are

offered by **Reliable Telecom Supply** include such internationally recognized companies as Nortel, Fujitsu, Tekelec and Tellabs.
