

WMATA Issues \$1.4+ Million Contract for New Parking Meters from POM

Released on: March 5, 2008, 11:37 am

Press Release Author: **Bobra Wilbanks**, [POM Incorporated](#)

Industry: [Transportation & Logistics](#)

Press Release Summary: Washington Metro Area Transit Authority (WMATA) has issued a contract to POM Incorporated of Russellville, Arkansas, for 3,500 new electronic parking meters in excess of \$1.4 million.

Press Release Body: **POM's** rotary enforcement signal was found by WMATA to be the best visibility to meet their needs for drive-by enforcement.

The meters feature a jam-resistant coin chute with new anti-cheat technology. The vault is **POM's** new iron Magnum, a larger version that holds over \$118 in quarters.

POM is pleased to help WMATA upgrade all the old meters at their train station parking lots to these new, high-tech versions over the next few months.
