Press Release Body:
(WASHINGTON, D.C.) In a searing indictment of U.S.-Israeli relations, a former counsel to the U.S. Senate publishes **Guilt By Association**, a book that delivers on its promise to "make treason transparent."

This in-depth account offers what former Congressman Paul Findley calls a "persuasive study of how stealth, deceit and cunning helped create today's situation in the Middle East." Chronicling the impact wielded on U.S. politics by elites and extremists loyal to Tel

Aviv, Guilt is destined to provoke debate on Israel's legitimacy as a sovereign state.

An adviser on financial policy to the governments of 35 countries, author **Jeff Gates** shows how treason became systemic by those skilled at displacing facts with what people can be deceived to believe. That duplicity includes a false belief in Iraqi WMD and mobile biological weapons laboratories and a widely shared "consensus" faith in the infallibility of unfettered financial markets.

Offering a sophisticated analysis crafted in layman's language, Guilt describes how those complicit prey on faith as a means to influence behavior. Tracing this lineage of trans-generational manipulation to organized crime from the 1920s, the author offers a new context for grasping how corruption grew to global scale through the exploitation of manipulated beliefs.

A widely acclaimed author, attorney, investment banker, educator and consultant to government, corporate and union leaders worldwide, Jeff Gates' previous books include Democracy at Risk: Rescuing Main Street From Wall Street and The Ownership Solution: Toward a Shared Capitalism for the 21st Century. Endorsers for these books include CEOs, heads of state, legislators, educators, commentators and Nobel laureates in peace and economics.
