Industry: [Healthcare](#)

Following National Nurses' Day, The Harley Medical Group has announced that it will be helping to reward the valuable work done by nurses in the UK,

[The Harley Medical Group](#) has launched a special discount on all non-surgical and surgical treatments for all registered nurses. The 10% non-surgical discount and a £250 reduction on all surgical procedures will be available across The Harley Medical Group's 26 clinics and can be taken up by nurses throughout the summer.

Liz Dale, Director at The Harley Medical Group said, "Nurses are the backbone of our sector and we wanted to show our appreciation by giving a little something back. Hard working nurses can take advantage of the offer and treat themselves to a [Medical Microdermabrasion](#) for example, which helps bring back a healthy glow to the face and rejuvenate the skin."

She continued, "It's thanks to our nurses that we're a trusted cosmetic surgery provider, as shown by our continued growth. Our patients are met on their very first appointment by a qualified nurse who will give them full, impartial advice on what course of action they should take and guide them through any chosen programme of treatment."

National Nurses' Day is celebrated on 12th May each year, as a tribute to the work of Florence Nightingale who was born on the day in 1820.

All patients considering [cosmetic surgery](#) should ensure that their surgeon is trained and registered in the GMC Specialist Register as

a [Plastic Surgeon](#) and ensure that their first consultation is carried out by a medical professional. All consultations at The Harley Medical Group are carried out by a fully qualified Cosmetic Surgery Nurse Counsellor.

About The Harley Medical Group

The Harley Medical Group is the UK's largest cosmetic surgery provider, with 26 clinics nationwide, performing more procedures and with more clinics than any other cosmetic surgery provider. It has been established for over 25 years and is one of the most highly-regarded Cosmetic Surgery Groups operating in the UK. It has treated over 435,000 patients to date.

The Harley Medical Group is renowned for introducing and pioneering most new surgical and non surgical techniques to the UK and Irish markets, such as Aesthera PPx, Laser Hair Removal, Cool Touch Laser, Silk Touch Laser, Collagen for lines and wrinkles, Laser for snoring, Tumescant Liposuction, LPG cellulite treatment etc. All new treatments and techniques are first thoroughly researched and tested before they are submitted for approval by the Group's Medical Advisory Committee, as being suitable for application by the Group's fully trained and specialized Plastic Surgeons, Doctors and Treatment Nurses.
