**Dr. Mark Scheinberg, M.D., is announcing the recent launch of The Center for Cosmetic Laser Gynecology.**

The Center is devoted to empowering women and providing them with knowledge, choice, and alternatives through [cosmetic gynecology](#). "As an OB/GYN, I've encountered many patients over the years that complained about the appearance or changes in the sensation and the function of their vagina and surrounding areas," said Dr. Scheinberg.

Dr. Scheinberg has performed over 6,000 deliveries and over 10,000 gynecological surgical procedures. He has trained under and received certification in cosmetic [vaginal surgery](#) from the famed Dr. Matlock of "Dr. 90210," and recognition has been given to him by the Laser Vaginal Rejuvenation Institute of America (LVRIA). He received advanced training in Cosmetic Vaginal Reconstruction and Transformation by the internationally renowned Professor Adam Ostrzenski, M.D., PH.D.

For those patients with [vaginal relaxation](#) and urinary incontinence, Dr. Scheinberg can tighten the vaginal muscles and enhance the strength and control of the vagina through [Laser Vaginal Rejuvenation](#) (LVR) and cosmetic vaginal reconstruction. These can reverse the effects of aging and childbirth and return normal.

Many women are unhappy with the look for their genitalia. Designer Laser [Vaginoplasty](#) (DLV) can repair, enhance, and beautify the genitalia. The most common DLV procedures are the Labioplasty/[Labioplasty](#) (minora and majora), Hymenoplasty,

Hoodoplasty, reduction of prepuce (excess skin over and lateral of the clitoris).

"I found that traditional gynecology did not give patients the aesthetics and consistent results they were looking for. **Patients come into my office with a picture of Playboy and say they want to look like that. We can do that!**" said Dr. Scheinberg.

In addition, The Center for Cosmetic Laser Gynecology is now offering [Vaser Liposuction](#) and [Brazilian Butt Lifts](#).
