Industry: [Pharmaceuticals](#)

[Usana Health Sciences](#) is a top tier direct sales and network marketing company. It is essentially the best one in the industry. Usana was created by a man named Myron Wentz who has a double Ph.D. in medicine. Usana was founded in 1992 and still growing to this day.

In 2005 Usana was ranked one of the 100 best small companies by Business Week. [Usana Health Sciences](#) was ranked #3! Usana operates in 14 different markets so you can operate your business in many different countries. Usana has ranks #1 for nutritional supplement and is supported by Olympic athletes.

Usana doesn't stop there they have products ranging from foods to skin care and all very high quality. Usana has the most fair and innovative compensation plan I have ever seen. There is a way that you get paid the same check as your downlines for the first 32 weeks which can end up making you a lot of money.

NO COMPANY has a compensation plan like this. Matching Bonus. As you have seen in the video there is no compensation plan like this out anywhere hands down, the best one period.
