Lynx Systems Inc. is pleased to announce the formation of an alliance with Yardi Systems, Inc.

Yardi Systems is a leading provider of property management software for the real estate industry. Lynx Systems is now an authorized member of Yardi's consulting partner program providing consulting assistance to Yardi users in Canada and the US.

Lynx Systems Inc. is a Canadian-based Consulting and IT solutions organization that specializes in helping real estate companies in both Canada and the United States to use automation to manage their real estate portfolios more effectively. The Lynx professionals have a diverse background in the real estate area, and have dealt with a variety of software products. Lynx will continue to expand its offerings and will work directly with Yardi Systems to provide services designed to complement existing Yardi support programs. There are many areas where Lynx adds value for the Yardi user, both before a major system upgrade, during the implementation of a new system, and after the client has successfully installed the system. A few of the many Lynx service offerings include: IT Strategy Development, Project Management and Implementation Support, Custom Software Development, new Report Design, System Integration, Data

Conversion and Data Validation services, System Assessments, Business Process Reviews and Workflow Improvement, Implementation of Business Intelligence and Document Management Systems, Development of Web Portals and more.

About Lynx Systems Inc.

Lynx Systems Inc. is a consulting firm specializing in helping real estate companies select and implement the best IT Solutions. Since 1982, the senior consultants at Lynx have assisted hundreds of companies in selecting, implementing and optimizing the effectiveness of their financial reporting and property management software systems.

The Lynx Systems consulting team has had years of hands-on experience with property management software and have a true "nuts and bolts" knowledge of the software available and the industry at large. Their true value, however, comes from their in depth understanding of the client's business, the market dynamics behind it, the best strategies that have been used in the industry and state of the art technology solutions that can maximize business potential. The consultants at Lynx Systems can make things happen, quickly and efficiently, while removing the stress and risk for the client. www.lynxsystemsinc.com

About Yardi Systems, Inc.

Yardi Systems is a leader in the design, development, and support of software solutions for the real estate industry. Established in 1984 as a modest start-up, Yardi Systems, Inc. has grown dramatically over the last two decades to become the leading provider of high-performance software solutions for the real estate industry. Today, Yardi Systems employs over 1,200 dedicated professionals working in offices throughout North America, Europe, Asia, and Australia. Since its founding, Yardi has set the standard for real estate software solutions with a combination of responsiveness and technical innovation. They understand the unique needs of the industry's various segments and have the technical expertise and vision necessary to translate that understanding into powerful solutions that meet and exceed those needs. www.Yardi.com
