

Premier Search Engine Delivers Local Businesses To Your Screen

Released on: July 10, 2009, 2:00 am

Author: Anthony Rockport

Industry: [Advertising](#)

Canoga Park, Ca – [LosCa, Inc.](#) launches its premier business search engine [Losca.com](#). This new search is devoted to local business owners and its customers. The key here is "local" not hundreds of miles away.

While all the other search engines give a broad list of business from all over a given area [LosCa.com](#) searches and returns results of local businesses near you not across the nation, adding that neighborhood shopping feel . As a business owner [Losca.com](#) allows business owners to create easily accessible profiles. A Business can upload coupons, pictures and videos in an instant, post business information such as store hours and special events as well as advertise to an ever-growing market in real time. Users can create their own accounts to write reviews, message friends and browse local discounts.

[LosCa.com](#) also allows users to check local weather, play fun online games and read awesome blogs.
