Industry: [International Trade](#)

On August 5th, 2009, China MartTM Los Angeles (www.ChinaMartUSA.com) and its CEO, Mr. Stephen Perl will lead Los Angeles County's World Trade Center, Los Angeles County Economic Development Corporation (LAEDC), and leading law firm, Mitchell Silberberg & Knupp on Investment Trade Mission through China (<http://www.chinamartusa.com/0908.html>). Investment Seminars/Events will be held in Shanghai, Guangzhou and Shenzhen over a 10 day period. Vance Baugham, World Trade Center –Los Angeles-Long Beach President, Stephen Perl, CEO of China MartTM Los Angeles and 1st PMF Bancorp (www.PMFbancorp.com), and Les Gold, Partner at MSK (www.MSK.com) are set to speak at the following events organized by China MartTM Los Angeles: the Shanghai Environmental Energy Exchange (SEEE) Event on Solar Power Investment in Los Angeles County, Guangzhou CCPIT Event on Chinese SMEs Investing in the U.S., and YiWu Mart (Shenzhen) in Shenzhen's Longgand District on SMEs Investing in Los Angeles County.

Mr. Stephen Perl, CEO of China MartTM Los Angeles states, "China Mart's Investment Trade Mission is comprised of seasoned International specialists that are experienced in selling the strengths and undeniable advantages of investing and growing businesses in the

Southern California region. Toyota and Honda invested in the 50s and 60s in our region and they are real testimonials along with many other businesses that our region has the economic advantages to grow domestic as well as foreign businesses successfully”.

Mr. Perl also stress that “The Chinese businesses that have invested in the Los Angeles through the China Mart business platform (www.ChinaMartUSA.com) have all experienced quick start up times with our seasoned professional support in marketing and business setup. China Mart™ has created many new jobs and prevented others from loosing their jobs in the Los Angeles area as well as achieved the Chinese businesses’ goal of creating a US Operations and showroom to go directly to the end customers. At the end of the day, Los Angeles benefits with new jobs and tax base, Chinese company benefits by creating a direct customer base, and the end customer in the U.S benefits by buying goods at a better price and quality... a Win-Win-Win situation.”
