With the current economic climate, we are all watching our dollars closer than ever. Your friends at Ion Life™ understand this fact and have been working overtime to find ways in which we can help you stretch your dollars. We are proud to announce a financing program specifically designed for IonLife™ customers so you can soon begin enjoying all of the great benefits of alkaline ionized water in your home or office.

The purchase of an ionizer is a wise investment in your health and vitality and we are convinced that one of our financing programs will fit your budget. The programs have also been expanded to include purchases made by IonLife wholesale dealers in good standing. There is no prepayment penalty, no initial payment and all ongoing payments are just \$75 a month except for the Delphi which is \$95.74 a month. (Contact IonLife for more details).

A [water ionizers](#) is also a smart investment economically. For those of you who have water delivery service or do it yourself, an IonLife water ionizer is a great investment. Replace those monthly water bills with an IonLife water ionizer and enjoy the great taste of alkaline, ionized water. In addition, you will no longer have to carry heavy bottles or waste space storing full and empty.

Your trained sales and financing professionals at IonLife are waiting for your call to provide you with the forms needed to begin the process...CALL TODAY AND HAVE AN IONIZER TOMORROW (Restrictions Apply).
