(Modesto, Calif.) August 7, 2009 – Titanium-Jewelry.com, a leading online retailer of men's wedding bands, tungsten rings, titanium rings and unique men's jewelry, announces the arrival of the EM Wellington collection by Edward Mirell. The Wellington Collection was designed for today's modern man who appreciates cutting edge designs.

"A famous clothing designer claimed that it's not just the clothing, it's about accessorizing to make a statement," said Ron Yates, founder, Titanium-Jewelry.com. "Today's modern man is returning to a bold yet sophisticated elegance with the jewelry he wears, whether the outfit is a business suit or a more casual style. Accessorizing with contemporary jewelry makes you stand out in a sea of black suits. "

The EM Wellington Titanium Ring features black titanium with sterling silver inlay, boasting a generously wide 9mm band with a striking contrast of thin and thick parallel bands of silver. The matching necklace, cufflinks, key ring and bracelet complete the collection. The EM Wellington ring and companion pieces are perfect for the stylish man who desires an understated yet timeless addition to his wardrobe. In addition, because the Wellington collection is made of Edward Mirell's proprietary Black Ti™, which resists minor scratches and has a high luster shine, the jewelry will keep the new look much longer than a gold, silver or platinum ring.

Known for its distinctive designs that blend art with the science of metallurgy, Edward Mirell is the brainchild of jewelry designers Edward Rosenberg and Mirella Connor. Rosenberg, CEO of Spector Corp., the parent

company of Edward Mirell, pioneered the use of titanium in high-end jewelry design and fabrication more than 30 years ago when the material was used primarily in aerospace. His foray into the use of contemporary metals led to Edward Mirell becoming the authority on titanium jewelry innovation.

In addition to carrying the Edward Mirell collection, Titanium-Jewelry.com offers sophisticated designs from ArtCarved, Benchmark, COGE, Diana Classic, Formotion Watches, J.R. Yates, Orange County Choppers and Triton. Enticing grooms and couples worldwide, the online retailer provides a multitude of styles and metals representing the best selection of palladium rings, titanium rings, tungsten rings, and men's wedding bands for the fashion forward male and female demographic.

For a limited time, Titanium-Jewelry.com is offering \$25 savings on orders of \$100 or more. To receive promotion, please use coupon code FLY25 at checkout.
