[Malibu, CA] - Cliffside Malibu, an elegant rehabilitation facility on the Malibu coast, has long been a leading light in the California treatment community. Now, the center is pleased to announce its renewed commitment to providing cutting-edge care in an ideal healing environment.

Rehab doesn't occur in a vacuum. On the contrary, every treatment facility is to some extent a product of its geographic surroundings. The most successful treatment facilities are almost invariably those situated in serene and secluded locations. In the end, there's simply no better way to ensure a resident's personal peace of mind.

Those principles, in turn, comprise the core of Cliffside Malibu's treatment philosophy.

With its expert caregivers and posh amenities, Cliffside Malibu is a world-class institution. The center has always catered to an elite clientele. Now Cliffside is expanding its mission, with the goal of delivering the best care on earth in the best place on the planet. At Cliffside Malibu, location can make all the difference.

"Rehab is an arduous process," said Cliffside Malibu Clinical Director Patricia Freeberry. "To complete it successfully, a patient needs to feel totally

comfortable in his or her environment. Our secluded private estate offers residents a refuge from the tensions and distractions of everyday life. That, we believe, helps to explain why our clients enjoy such a robust rate of success."

Cliffside's competitors in other parts of the country can hardly say as much about their own facilities.

Most [drug rehabilitation](#) centers make good-faith efforts to keep their residents comfortable. But every clinic is limited by its physical location. The plain fact of the matter is that rehab centers in, for example, New York can't possibly recreate the Malibu treatment experience. More often than not, those institutions fail to match the achievements of their counterparts on the California coast.

For recovery patients and their families, say Cliffside administrators, that sort of failure is unacceptable.

"The stakes in the fight against addiction are enormous," said Freeberry. "At Cliffside Malibu, we do everything in our power to ensure that our clients win the battle. No less importantly, our unique location gives us an enormous advantage from the very beginning."

Addiction ruins lives. Addiction treatment can save them, but only if it's administered by the right people and in the right place. Cliffside Malibu has proven itself to be the best in the world at what it does. The only question that remains is whether California addiction victims will be wise enough to learn that lesson on their own terms.

Cliffside Malibu is a luxury alcohol and [drug rehab](#) center located in Malibu, California. For further details about Cliffside's treatment methods, amenities, or other general information about [rehab](#)s, please call 1-800-501-1988 or visit our Web site at www.cliffsidemalibu.com.
