Burlington, CO- Maria Atwood, Eastern Plains of Colorado Weston A Price Chapter Leader, is now offering the 90 minute DVD "[Cook Your Way to Wellness](#)" with the "Tell Me More" supplemental booklet to the general public. This DVD sold out after being viewed by hundreds of natural health practitioners at a recent Standard Process West convention in Colorado.

Maria Atwood CNHP, herself a former vegetarian, credits following Sally Fallon-Morrell's leadership with the health she now enjoys. Maria created "Cook Your Way to Wellness" to use as a demonstration tool to help her teach traditional food preparation to others at her Weston A Price chapter meetings. Although these foods can be made by reading "[Nourishing Traditions Cookbook](#)" written by Sally Fallon-Morrell & Mary Enig PhD, "Cook

Your Way To Wellness", which has been praised for its easy to follow format, gives a

welcome visual presentation to the mysterious sounding foods such as Kefir, Fermented Vegetables and other Nourishing

Traditions recipes. After watching her DVD people have commented that they have the confidence they need to tackle these new skills of fermentation, kefir making, beet kvass, jerky making (following the traditions of her Piute Indian grandmother) and kombucha tea. The ease with which she prepared these foods, one step at a time, exemplifies that all people can prepare these truly life giving foods for themselves.

Owning the "Cook Your Way to Wellness" DVD is akin to having a traditional cooking seminar in your own living room. Maria feels strongly that these teachings have changed many people's lives by reintroducing them to the simple, whole diet of our ancestors, and which may truly restore us to a life filled with strength and vitality. In "Cook Your Way to Wellness" both newcomers and seasoned cooks unfamiliar with fermenting will understand how easy it is to prepare these marvelous foods. Both the Nourishing Traditions, The Cookbook that Challenges Politically Correct Nutrition and the Diet Dictocrats, and "Cook Your Way to Wellness" are available at Maria Atwood's website: <http://www.traditionalcook.com> Additionally, Maria has added a superior stoneware baking line of cookware, cutlery, fermented cod liver oil, high vitamin butter, and diatomaceous earth, which she considers an intricate part of her personal diet.
