[Malibu, CA] - Sunset Malibu, a luxurious rehab center on the California coast, has long been a transformational force in the field of rehabilitation and recovery. Now, Sunset is announcing its redoubled efforts in providing clients with wholly personalized detox and treatment programs.

No two rehab patients are ever exactly alike. By the same token, no two rehab programs should ever be identical. The best detox and rehab centers are those which minister to the individual needs of their individual clients, whether it's [heroin detox](#) that is needed, or alcohol detox. In the end, there's no other foundation for meaningful and lasting addiction recovery.

Those considerations, in turn, comprise the core of Sunset Malibu's treatment philosophy.

With its world-class caregivers and elegant accommodations, Sunset Malibu is an unparalleled recovery destination. The center has always catered to upscale clients from every corner of the globe. Now Sunset is renewing its

commitment to its core values, with the goal of delivering life-changing care to individuals who seek it. At Sunset Malibu, the client always comes first.

"Rehab is an extraordinarily intricate process," said Sunset Malibu Program Director Dr. Georgina Smith. "Our job as a rehab center is to provide our clients with the most intimate care in the most elegant environment. We believe that our long record of success speaks to our effectiveness in meeting those two goals."

Sunset's competitors, meanwhile, would be hard-pressed to speak so glowingly about their own rehab programs.

Every rehab center pays lip service to the importance of personalized treatment. But most facilities fall short of their own rhetoric. In fact, many of the most high-priced clinics in Los Angeles offer the same generic rehab programs to all of their clients. More often than not, those flawed treatment strategies produce failed treatment outcomes.

"Rehab centers are in the business of saving lives," Dr. Smith said. "At Sunset Malibu, we understand the stakes facing our clients, and we do everything in our power to help them meet the challenge. To fall short of that standard would be both unprofessional and immoral."

No addiction victim needs to be told about the perils of the disease. The good news, though, is that those perils don't have to be fatal. Sunset Malibu has proven itself capable of helping clients overcome all obstacles on the road to recovery. Now more than ever before, the center's successful graduates have reason to hope for happier and healthier tomorrows.
