[Malibu, CA] - Sunset Malibu, an exclusive drug treatment center on the California coast, has long been a transformational force in the field of rehabilitation and recovery. Now, Sunset is announcing its redoubled efforts in providing cutting-edge care in an ideal healing environment.

Rehab doesn't happen in a vacuum. On the contrary, every [drug treatment](#) center is affected by its geographical location. The best treatment facilities are almost invariably those situated in the most hospitable physical surroundings. In the end, there's simply no substitute for the pristine seclusion of the Malibu coast.

Those considerations, in turn, are at the heart of Sunset Malibu's treatment philosophy.

With its world-class caregivers and elegant accommodations, Sunset Malibu is an unparalleled recovery destination. The center has always catered to upscale clients from every corner of the globe. Now Sunset is renewing its commitment to its core values, with the goal of delivering life-changing care to individuals who seek it. At Sunset Malibu, the client's personal comfort always comes first.

"Rehab is a grueling process," said Sunset Malibu Program Director Dr. Georgina Smith. "To complete it successfully, patients need to feel wholly at ease in their healing environment. Our secluded private estate is the perfect place to achieve that

sort of emotional and spiritual peace."

Unfortunately, Sunset's unique ambiance can't be replicated by its competitors in other parts of the country.

Most drug treatment centers really do try to help their clients. But every clinic is limited by its physical location. The fact of the matter is that a drug treatment center in New York can't possibly offer clients the same experience that they would enjoy at a drug treatment center in Malibu. The result, of course, is that New York drug treatment facilities can't be trusted to promote meaningful and lasting wellness.

Under the circumstances, argues Dr. Smith, those shortcomings are unacceptable.

"Rehab patients can't afford to fail," Dr. Smith said. "A drug treatment center is literally in the business of saving lives, which is why it's so important that addiction victims get the best available help. That's what we offer, and that's why our residents enjoy such a remarkable rate of success."

Addiction is an awful disease. The good news here is that successful addiction treatment really can solve the problem. Sunset Malibu's exclusive drug treatment center is uniquely suited to helping clients heal from the inside-out. Now more than ever before, the center's residents have reason to believe that tomorrow will be better than today.
