Blonde bombshell Aisleyne Horgan-Wallace has been voted in the top 10 "Best Surgery" category in this week's Heat magazine as part of their cosmetic surgery special.

The Big Brother star recently had a breast enlargement at The Hospital Group, increasing her bust size from a DD to an E.

Aisleyne said: "You hear of people booking in for surgery and not getting the look they wanted, and that was me before.

"I just wanted to get the shape sorted out. My boobs were sitting quite far apart so I wanted something which gave me much more of a cleavage.

"I definitely don't want them massive like Jordan or super-pert like Victoria Beckham, just something natural which is going to look good in a dress."

Heat asked 1,000 of their readers to vote on their best and worst celebrity surgery as well as procedures they would most like to have. Liposuction came out on top, closely followed by breast enlargement and nose jobs. Surprisingly, pec implants came in eighth place.

The Hospital Group have seen a staggering increase in the number of breast augmentations performed over the past few years. In 2008 The

Group performed 2,200 procedures, making them one of the country's leading surgery providers.

Since The Hospital Group was established in 1992, it has grown from a small pharmaceutical company to one of the UK's foremost cosmetic surgery providers.
