Mountainside Treatment Center, a drug and alcohol addiction treatment center located in the northwest corner of Connecticut has launched a new informative web site in order to make more information about addiction and the treatment of addiction more accessible to the general public. The new website is designed to be easy to use and navigate, while still providing volumes of information to the end user. The new site is comprised of the newest and best technology available and is aimed at making the web experience as pleasant as possible. For many, this is the first glimpse of what Mountainside has to offer, so making the information accessible was one of the primary goals. Finding a suitable drug or alcohol rehabilitation center can be a difficult task, often, an informative and easy to use website makes this a less time consuming task; which allows the client more time to make the right decision.

Mountainside's new site offers information on several important addiction related topics as well as information regarding its

professional and credentialed staff and facility. The new drug rehab and alcoholism treatment center website contains information on heroin addiction, cocaine addiction, methamphetamine addiction, alcoholism, prescription drug dependence and addiction along with several other informative articles.

Information on the facility is abundant and contains many photographs from Mountainsides grounds. There is a section that introduces the clinical treatment team and provides the opportunity for people to become more familiar with the facility and its offerings.

There are also powerful search functions which give web users the ability to find only the information that they are seeking.

Mountainside Drug Rehab Center's focus and commitment over the years has been to the quality of its drug rehabilitation and alcoholism treatment program. Mountainside's unique drug rehab program includes Individual and Group Counseling; Therapeutic Challenge; Addressing Nicotine Addiction; 12-Step Education and Meetings; Spiritual Enhancement including Guided Meditation, Yoga, Hypnosis, a Native American Stone Peoples Lodge; Family Counseling; Work Therapy; Adventure-Based Counseling; Writing, Art and Music Workshops. Working with their counselors, residents are able to take advantage of a long list of treatment initiatives designed to appeal to individual tastes and preferences. One of the tenets of its individualized drug addiction rehab program is to get people fully engaged in their recoveries.

Its licensed and credentialed counselors and clinical staff include two Advanced Nurse Practitioners who are specialists in drug addiction and alcoholism treatment. The highly capable drug addiction treatment team is dedicated to providing
