[Malibu, CA] - Affluent addiction victims typically seek the services of exclusive drug rehabs that can help them heal in elegance and comfort. Unfortunately, that search is often impeded by a lack of information from and about luxury drug rehab facilities.

Now, though, prospective patients have a trusted source on the inside.

LuxuryDrugRehab.com is pleased to announce a new referral service

linking affluent addiction victims to the best treatment and recovery facilities on earth. The goal of LuxuryDrugRehab.com is to help those victims find the facility that's exactly right for them. To do that, the service provides clients with expert personal advice and a thorough understanding of the treatment options available to them.

Given the differences between and among luxury drug rehabs, that sort of enlightenment can often make all the difference in the world.

No two [drug abuse](#) rehabs are ever exactly alike. On the contrary, every rehabilitation center is fundamentally shaped by the quality of caregivers it employs. The most successful drug rehabs are invariably those staffed by the most competent and compassionate professionals. In the end, there's simply no substitute for empathy and expertise in the healing process.

Unfortunately, those principles aren't always put into practice.

There are plenty of drug rehabs in Los Angeles. All of them pay lip service to the importance of caregiver expertise. But only a handful of clinics live up to their own standards. In fact, many of the most heavily-advertised drug rehabs in California employ inexperienced or unqualified counselors and therapists. Unsurprisingly, these institutions routinely fall short of the promises they make to their clients.

For rehab patients and the people who care about them, those sorts of failures can lead to disaster.

Addiction ruins lives. The good news here is that addiction treatment can save them-but only if it's administered by people who know exactly what they're doing. LuxuryDrugRehab.com has a long record of helping clients identify those drug rehabs which employ the most capable and effective caregivers. Now more than ever before, those clients have reason to believe in a happier and healthier future.

"You found me a rehab center where for the first time I was able to get the help I needed in a quiet, private space with constant attention," reads one of the client testimonials published on the LuxuryDrugRehab.com Web site. "All I could hear when I woke up in the morning was the sound of the ocean and the birds. It was exactly the kind of space I needed to heal."
