Pologeorgis Furs, the renowned New York City designer and manufacturer of high end furs and fur accessories is proud to announce the launch of their new website, www.pologeorgis.com. The site is designed to be user friendly and easy to navigate for both retail stores and personal clientele.

Approaching their 50 th year in business, Pologeorgis Furs is known for their impeccable quality of furs and couture like craftsmanship. A pioneer in the fur industry, Pologeorgis was among the first to forge relationships between ready to wear designers and fur manufacturers. Pologeorgis has built an impressive roster of designers which include, Michael Kors Furs, Zandra Rhodes Furs, Chado Ralph Rucci Furs, Zac Posen Furs, and Chris Benz Furs. Each collection features the finest in Russian sable, mink, sheared mink, fox and shearlings, combined with the most inventive styling and innovative techniques available in fur today.

The designer fur collections can be found at department stores such as Neiman Marcus, Saks Fifth Avenue , and Bloomingdale's as well as specialty stores around the World. Seeing a void in the market place, a collection of fur accessories was developed focusing on high quality and high fashion at an accessible price point. Styles include vests, hats and scarves which retail at Nordstrom's and Bergdorf Goodman. A full line of Home Furs featuring luxurious custom made blankets and pillows evolved from collaborating with interior designers and decorators.

Since 2001, Pologeorgis has been headquartered in a New York City loft. The unique space features a private showroom for sales and an on site factory for immediate repairs and custom work. The state of the art temperature controlled fur storage vault is spacious enough to house thousands of garments. An experienced expert is available by appointment to assist clients in the restyling and repairing of their existing furs.

Pologeorgis is a multi faceted operation with the capacity to produce made to measure garments. Following in the old world tradition each garment is made completely by hand. The process starts with a private style consultation with the pattern maker, then the selection of the pelts and a final garment fitting only to be completed at the customer's total satisfaction.
