## Sensibill Returns From Texas Society Of Pathologists 89 th Annual Meeting In Galveston

Released on: March 24, 2010, 9:14 pm

Author: Brad Williams Industry: <u>Healthcare</u>

FORT WORTH - Sensibill travels to mutilpe Pathology Meetings each year. As a supporting vendor of The Texas Society of Pathologists, Sensibill is able to directly target pathologists practicing in Texas.

"I am meeting Doctors all the time but these conferences allow my company to reach higher and interact multiple clients on a one on one basis," says Sensibill President Barbara Graham.

The Texas Society of Pathologist has a deep history. It was founded in 1921 and is the oldest state pathology organization in the United States. Sensibill is currently one of the more than 790 members statewide.

President Graham adds, "It was a great opportunity for all of the pathologists in attendance to see the latest and greatest in technology for managing their practices. Sensibill showed the pathologists it technologically advanced ASP model (application service provider) advanced internet access functions, computerized coding software

interfaces, document imaging and management, PQRI and state of the art reporting features."

While at the conference, Dr. David Walker from UTMB in Galveston received the John J Andujar Citation of Merit. Congratulations to him!
