NEW YORK – With the economy of the US in shambles and healthcare shrouded in a veil of uncertainty, there's one thing that is for certain: affordable drug rehab still remains accessible.

Mountainside Drug Rehab and Alcohol Treatment Center has stayed

true to their roots of offering the highest level of drug rehab at an affordable cost.

"Over 12 years ago, we founded a program that became the blueprint for successful drug addiction treatment worldwide," begins a spokesperson for Mountainside Drug Rehab and Alcohol Treatment Center . "We

were determined to offer innovative, individualized treatment at an affordable price. We put together a highly-skilled team of professionals including licensed and certified counselors and social workers, nurses and a psychiatrist and have kept our per diem cost at \$360. We have always felt that individuals should not be precluded from getting the help they need to get sober simply because of cost. When individuals walk out of Mountainside and begin their journey to recovery in the outside world, they know they've received the best addiction or alcoholism treatment available, and they haven't spent their life savings in the process."

Mountainside's <u>affordable drug rehab</u> model is recognized for its individualized, holistic and clinical approach to treatment in a setting that is picturesque and tranquil. Mountainside's personalized approach to treatment still remains the model for affordable drug rehabs worldwide.

For nearly two decades, Mountainside <u>Drug Rehab</u> and Alcohol Treatment Center has led the way in offering an individualized and affordable alcohol and drug addiction treatment program.
